Front of New Building and Brick Courtyard Rendering

Q: Are we building a building or expanding our ministry?

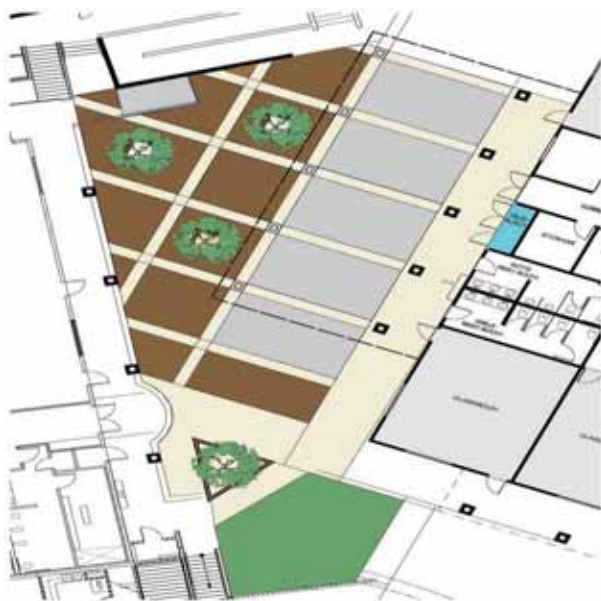

A: The mission of our G.I.F.T. Campaign is to GROW IN FAITH TOGETHER! Yes, that vision includes a building, but it encompasses so much more. It is our goal to add more space which will enable us to continue to provide a Christ centered education to hundreds of students... not just for our current students but for future students and families that will attend AVCS.

The new building would provide additional rooms for science, differentiated math and reading, instrumental music, and additional fine arts programming. It would also provide locker rooms and a large gymnasium / event center with a stage. Included in the vision is a redesigned outdoor field providing space for a smooth soccer field, softball diamond as well as a track. The improvements will allow us to host sports tournaments, present concerts and plays, increase youth group activities and provide more outreach to the community.

God has called us to be his disciples and to tell others about his grace and mercy. We are here today because ten years ago God called on others to build the school. Their generosity and faith began this mission and now we have the opportunity to further it... and with Him all things are possible.

There are so many ways for all of us to participate in this mission. Don't miss out. Look for ways you can get involved as we continue to

Grow In Faith Together!

Grey squares in the center is the current lunch table area. Far right are current classrooms, offices, MPR and kitchen. Far left is the new Event Center and Brick Courtyard.
