Donor Spotlight

One of our very generous donors for our G.I.F.T. Gala and an involved citizen of our community is South Coast Orthodontics owned by Marc Pana, D.D.S., M.S. Dr. Pana has donated a full course of Orthodontic treatment, a 50% discount on a full course and a Sonicare system toothbrush and sanitizer. Total value of over \$9,000.00. Dr. Pana grew up with an interest in dentistry and orthodontics, as he comes from a family of dentists. He followed his interest and earned his Bachelor of Science in General Biology from UCSD. He went on to attend the USC School of Dentistry to obtain his Doctor of Dental Surgery degree. He was on the Dean's Honor List every year and was awarded the J.Walter Reeves Memorial Award for outstanding achievement in basic sciences. Dr Pana then completed his 3 year orthodontic training and residency program to earn his specialty Certificate in Orthodontic and Dentofacial Orthopedics from USC. He was a Orthodontic Clinical Teaching Assistant and received a Master of Science degree in Craniofacial Biology. While obtaining his extensive education, Dr Pana was involved with many community service activities. He provided orthodontic care at Inglewood Children's Dental

offering free dental care to the children of Los Angeles and Orange County through AYUDA. He gives back to his local community by offering pro bono orthodontic treatment to underprivileged children through the American Association of Orthodontists. When away from the office Dr. Pana enjoys spending time with his wife Guitta and daughter Kayla. He also enjoys playing basketball, biking, hiking and chess. And, of course he is a big USC fan. We want to thank Dr. Pana for his kind donation to AVCS and his commitment to Aliso Viejo.

Marc Pana, DDS, MS South Coast Orthodontics
