*Psalm 78:4-7*

## Mission Statement

It is the mission of the preschool, as a ministry of Lutheran Church of the Cross, to be a Christ-centered, Bible-based environment where young children are nurtured, encouraged, and loved in the name of and for the sake of Jesus Christ to develop optimally to be all the Lord desires for them spiritually, intellectually, socially, emotionally and physically.

***Let the little children come to Me and do not hinder them, for the kingdom of God belongs to such as these. Mark 10:14***

## Educational Philosophy

We believe that ...

- young children's early years are foundational and crucial in the optimal development of each domain: spiritual, intellectual, social, emotional and physical.
- young children's development occurs in an orderly and predictable pattern.
- young children's developmental process follows each child's individual timetable within a predictable range.
- young children's learning is optimized through active exploration, concrete materials, individual choices, play, movement and sensory exploration.
- young children need a learning environment that provides instruction within the context of the child's developmental level.
- young children's growth and development is enhanced through a balanced approach to education addressing each developmental area.
- young children need opportunities for creative expression.
- young children thrive in a climate where they feel competent in what they can do.
- young children grow as Jesus Himself did in Luke 2:52, "Jesus grew in stature and wisdom; gaining favor with both God and people."
