# MAD SCIENCE®

ENRICHMENT PROGRAM

## REGISTRATION FORM

### Mad Science presents Scintillating Science

**Dinosaurs:** Participate in a mini dino dig. Compare the differences between meat- and plant-eating animals, specifically the differences in tooth construction. Measure a triceratops and see if it would fit in your room!

**Electrifying Science:** Discover the difference between static and current electricity. Build an electric circuit and test for conductors and resistors. Take home your own Circuit Maze!

**Mad Materials:** Use your senses to investigate different materials. Close your eyes and test your sense of touch. Use your cochlea to identify mystery sounds. Transform two regular liquids into an oozing batch of your very own slime!

**Matter of Fact:** Investigate the ingredients of the universe. Build some tasty marshmallow molecules and make your own Mad Science Putty!

**Spectacular Structures:** Discover the strengths of triangles, cylinders and arches. Learn how combinations of these shapes make for sturdy homes and skyscrapers! Use teamwork to build super structures and take home a Bridge Basics kit!

**Body Basics:** Check out the major systems of the human body and their basic functions! Explore how the digestive, skeletal, muscular and respiratory systems work. Take home an Organ Outfit.
