

Permanent Impressions Safety Program & Live Scan ID

Administered By Law Enforcement

Dear Parents & Guardians:

Child safety is always on the minds of parents, especially when they are unable to be with their child. In an effort to maintain your child's safety as a high priority, we are offering a fingerprint safety program to all children and their siblings. In the event of an emergency, time is the single most crucial commodity. Gathering information essential for law enforcement personnel is time consuming and can be difficult to accomplish during a stressful situation.

Permanent Impressions offers the most comprehensive Child Safety Packet available. All of the information necessary for the expeditious and accurate identification of your child is at your fingertips; organized, compiled, and formatted specifically for the Department of Justice database and local authorities.

The Permanent Impressions Child Safety Packet is superior to other programs offering only a thumbprint on a license-type ID card. In the event of an emergency situation, often times a thumbprint alone may not be sufficient. In addition, an improperly administered fingerprint is not searchable through the Department of Justice database. In order to capture all ridge characteristics and detail within each fingerprint, it is imperative to have your child's fingerprints recorded properly by trained law enforcement officers or individuals with an expertise in fingerprint analysis and identification.

A private organization comprised of off-duty police officers, fingerprint experts, and former law enforcement, Permanent Impressions will administer and process your child's safety packet properly and thoroughly. We do not request any personal information and all details remain confidential.

Please review the enclosed information regarding the Permanent Impressions Child Safety Program specifics. If you wish to participate in the program, complete the form and return it to your child's school office, along with a check for the selected amount. On the appointed day, Permanent Impressions will come to your child's campus to complete their customized safety packet. The packet will be returned to your child's teacher and sent home to you on the same day.

We look forward to serving you!
